Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Danny Weeks is a disillusioned IT consultant with one of the most prestigious consulting firms in the world. On the surface he has everything going for him: a great job, a loving wife, and a solid future with the firm. His distant dreams of one day becoming a partner with the firm, however, are quickly sidetracked when he meets the notorious, but reformed computer hacker, Grady Bartow. What starts as a casual friendship turns into a reluctant partnership resulting in a twisting adventure of computer crime targeting some of the firm's biggest clients. As their money-making scheme begins to flourish, Danny's relationship with Grady quickly breaks down as Grady risks everything by flashing his new cash around to impress the girl who jilted him. As the walls of paranoia close in around Danny, he is forced to make life or death decisions in order to stay a step ahead of federal investigators and to protect his wife, at any cost, from the truth about their new found wealth.
