Under terms of the federal government's purchase of their preferred stock, the enterprises are required to pay the government dividends of nearly 20 billion annually (10 of the support). Housing, mortgage, and even general financial markets remain in an unprecedented situation. Estimates of the total cost to the federal government use different baselines and vary widely. The FHFA estimates that Treasury is likely to purchase 220 billion-311 billion of senior preferred stock by the end of 2014. The Congressional Budget Office estimates the budget cost to be more...
