A Short History of Progress (Main)

By Ronald Wright

Canongate Books Ltd. Paperback. Book Condition: new. BRAND NEW, A Short History of Progress (Main), Ronald Wright, Palaeolithic hunters who learnt how to kill two mammoths instead of one had made progress. Those who learnt how to kill 200 - by driving a whole herd over a cliff - had made too much. Many of the great ruins that grace the deserts and jungles of the earth are monuments to progress traps, the headstones of civilisations which fell victim to their own success. The twentieth-century's runaway growth has placed a murderous burden on the planet. "A Short History of Progress" argues that this modern predicament is as old as civilisation. Only by understanding the patterns of progress and disaster that humanity has repeated since the Stone Age can we recognise the inherent dangers, and, with luck, and wisdom, shape its outcome.

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- *Camille Larson*

This ebook may be worth a read, and far better than others. It is among the most incredible ebooks I have read. You will like the way the author publishes this publication.
